This story is excerpted from the read-aloud books included in the Bridges in Mathematics Pre-K curriculum. This math-rich collection features theme-based counting and numeral recognition, sequencing, shapes and locations, and very early addition and subtraction. For more information about these books, including how to order the full printed collection of nine titles, visit store.mathlearningcenter.org/bridges-2nd-edition/2bpkread.asp.

The Math Learning Center is a nonprofit organization serving the education community. Our mission is to inspire and enable individuals to discover and develop their mathematical confidence and ability. We offer innovative and standards-based professional development, curriculum, materials, and resources to support learning and teaching. To find out more, visit us at www.mathlearningcenter.org.

SIX Silly ROBOTS

by Allyn Fisher
art by Amber Cooper

6

silly robots in BB's Bot Shop,
All different shapes with antennas on top.
Along came David with a dollar to spend,
Bought a silly robot to be his friend.

BB'S BOT SHOP

SALE

ROBOTS
FOR \$1.00

OPEN

Clink, clank, zip, zoom, pop!
How many robots were still in the shop?
